# Algebra • Different Names for Numbers

Here are some ways to show 28.

Describe the tens and ones with words and addition.

$$\begin{array}{r} 2 \text{ tens } 8 \text{ ones} \\ 20 + 8 \end{array}$$

Describe the tens and ones with words and addition.

$$\begin{array}{r} 1 \text{ ten } 18 \text{ ones} \\ 10 + 18 \end{array}$$

Describe the tens and ones with words and addition.

$$\begin{array}{r} 0 \text{ tens } 28 \text{ ones} \\ 0 + 28 \end{array}$$

Describe the blocks in two ways.

1. 32

$$\begin{array}{r} \text{ } \text{ ten } \text{ } \text{ ones} \\ \text{ } + \text{ } \end{array}$$

$$\begin{array}{r} \text{ } \text{ tens } \text{ } \text{ ones} \\ \text{ } + \text{ } \end{array}$$

$$\begin{array}{r} \text{ } \text{ tens } \text{ } \text{ ones} \\ \text{ } + \text{ } \end{array}$$

2. 47

$$\begin{array}{r} \text{ } \text{ tens } \text{ } \text{ ones} \\ \text{ } + \text{ } \end{array}$$

$$\begin{array}{r} \text{ } \text{ tens } \text{ } \text{ ones} \\ \text{ } + \text{ } \end{array}$$

$$\begin{array}{r} \text{ } \text{ tens } \text{ } \text{ ones} \\ \text{ } + \text{ } \end{array}$$

# Marble Match

Read the clue on the marble jar. Write  
a 2-digit number that matches the clue.  
Write it as tens and ones two different ways.

1.		The number is _____.	_____ tens _____ ones _____ tens _____ ones
2.		The number is _____.	_____ tens _____ ones _____ tens _____ ones
3.		The number is _____.	_____ tens _____ ones _____ tens _____ ones
4.		The number is _____.	_____ tens _____ ones _____ tens _____ ones

**Writing and Reasoning** Why do both ways  
of writing the number as tens and ones describe the same  
number?
